

Etiquette for Little Ones at Home

Say "Good-morning" and "Good-night" to everyone in the house.

Greet our guests at the door with a smile and "hello!"

Say "Good-bye" to our guests and help them out the door.

Remember your manners: "please" and "thank-you".

Stay seated at the table until you are excused.

If an adult drops something, pick it up quickly!

Protect children - especially babies - who are younger than you.

When you are eating a snack, offer some to the people near you.

When people speak to you, look in their eyes and respond kindly.

When daddy or mommy asks you to do something, say, "Yes, dad!" or "Yes, mom!" and do it right away.
